Relax in Style

If food is your thing a visit to the Customs House will not disappoint. Our chef's philosophy is simple, cuisine that excels with the highest quality of locally sourced ingredients.

Only an experience at the Customs House can help explain what words cannot, superb food and a service which emphasises the personal atmosphere of this family run business. In short we follow the French in their philosophy a marriage of fine food with fine wine. You can choose to dine on our daily carvery or our evening Brasserie menu.
